

SPACE MAINTAINERS

IT'S ALL ABOUT SEPARATION

SAVING SPACE FOR YOUR
PERMANENT TEETH

YOU NEED A SPACE MAINTAINER,
SO WHAT'S NEXT?

- 1 Our office will place separators between your back molars.
- 2 One week later, we will remove the separators, and an assistant will fit your teeth for the correct size bands.
- 3 If needed, your dentist will wiggle out the baby tooth/teeth that we have requested. *(THIS MUST BE DONE AFTER WE FIT YOUR TEETH WITH BANDS.)*
- 4 We will place the space maintainer. *(THIS MUST BE DONE WITHIN A WEEK OF EXTRACTIONS!)*

Dentist Appointment:

Placement of the Space Maintainer:

Appointments should be made with us Gardner Orthodontics before the appointment is made with your dentist for extractions.

If for any reason you need to change one of your appointments, contact our office immediately, so we can coordinate your appointments accordingly.
